- Constitution of High Level Task Force -Orders - Issued

INDUSTRIES & COMMERCE (IP&INF) DEPARTMENT

G.O.RT.No. 250

Date:30.07.2015

Read

From the Commissioner of Industries, Hyd. Single File No.15/213/2015,
dt.26.06.2015

ORDER:-

Government of Telangana has recently introduced the New Industrial Policy which has got many novel and attractive features. It is expected that a large number of industrialists and investors will show a preference to set up their units in Telangana. The Government has also earmarked abundant land and a sizeable budget for infrastructure development and adequate provision for water and power for the industries. However, apart from these facilities, the industries will also require quality manpower at all levels to run their units successfully. Despite the presence of a large number of professional Colleges in Telangana, it is felt that the employability levels of the graduates of these Institutions is not very high and there is a mismatch between what's required by industries and what's taught in colleges. It is a common feedback from the existing industries that they have to spent lots of time and effort in training and retraining the newly recruited manpower from the local Institutions.

2. In this context, it is important that thorough examination is made of the existing system of imparting technical education in the academic institutions vis-a-vis specific requirements of the manufacturing and IT industry. Accordingly, Government hereby constitute a High Level Task Force with the following composition to work out the modalities for interfacing the Industries and Institutions.

- | | |
|--|-------------------|
| 1. Chief Secretary to Government | - Chairman |
| 2. Representative of CII | - Member |
| 3. Representative of FICCI | - Member |
| 4. Representative of FTAPCII | - Member |

| 16. Commissioner of Industries | - Member Convenor |

3. The following responsibilities are entrusted to the Task Force.

- a) To examine the functioning of all institutions/bodies/societies which are Government/Government Sponsored/ supported in the field of imparting skill training and bring them under one umbrella body for better coordination and impact.
- b) To map all the professional colleges, existing Polytechnics and ITIs in the State along with the industrial clusters and large and mega industries and to prepare a matching and batching schemata of industries and academic

institutions by linking some number of academic institutions with each industrial cluster/ large or mega industry.

- c) To examine the curriculum of each professional course and suggest ways of making it more project and practice oriented.
 - d) To design the concept of practice schools in which students participate in project work during their college breaks in the industries.
 - e) To design a programme of internship for all the professional colleges.
 - f) To recommend a method of evaluating the practice school and internship programmes so that it is implemented with due seriousness by the institutions, faculty and students.
 - g) To design a structured programme of internship of every faculty dealing with the professional course to get refresher training in an industry
 - h) To define a charter of responsibilities each industrial cluster/ large or mega industry must have towards the academic institutions which may include supporting project work, allowing practice schools and internships, allowing faculty to get exposed to industrial practices, sending senior management on a structured basis to interact with students etc.
 - i) To design a programme through which senior management professionals from manufacturing companies and IT companies volunteer their time on a regular basis with students of the colleges attached to them and motivate them about job readiness, work ethics etc.
 - j) Any other related aspect
4. The Task Force shall meet as frequently as possible, consult any other expert as deemed necessary and submit its recommendation to the Government within a period of (3) months.
5. The Commissioner of Industries, Hyderabad shall take necessary further action in the matter accordingly.
